Adena Racing Syndicate III

To Whom It May Concern:

**Re: Golden Mustang
2006 Colt - Touch Gold:Transcendental**

This individual has developed a small osteochondroma lesion on the left fore caudal distal radius with concurrent, persistent tenosynovitis.

Surgery has been scheduled for tenoscopy to evaluate and debride the affected area.

A post operative report will follow in a timely manner. The prognosis for future racing soundness is good/excellent. Please notify your respective insurer.

Please contact me directly if you have any questions or concerns.
